An Appeal to Aid Recipients

CSERS has been helping needy families for more than seventy five years and many of them are well settled now. Some aid recipients have taken positions of responsibility in their career and have been very successful either in India or even abroad.

A few such aid recipients have come forward and given substantial donation to CSERS and also have become members of this Institution.

CSERS is not at all considering that it is obligatory on the part of these recipients to come forward and make donations or become members. However, at the same time the Institution feels, that as a gesture of goodwill, these recipients should come forward and primarily make a substantial donation on their own and also become members (one time payment of ₹ 1,000/-) of the Institution. This will help other deserving and needy students to reap the benefit in these days of high inflation in India.
